El adoquin debe ser del mejor granito del Estado Oriental, de igual dimension al usado por la Empresa del Tramway Central, en la Calle Chacabuco entre Alsina y Victoria, de 21 a 26 centimetros de largo y de 12 a 15 de ancho, admitiendose cinco centimetros de tolerancia, y seran colocadas de manera que las juntas queden alternadas.
La base del adoquinado despues de solidificarse a pizon perfectamente el suelo, sera un leche de veinte centimetros de arena del Estado Oriental y construido el adoquinado se cubriran las juntas con una capa de arena suelta de la misma clase de dos centimetros de espesor.
El adoquinado sera abovedado y con desagues a los costados.
Los trabajos empezaran veinte dias despues de firmado el contrato y se concluiran cinco meses despues, incurriendo los contratistas en una multa de cinco mil pesos fuertes por falta de cumplimiento a este compromiso, salvo fuerza mayor o caso fortuito.
La Municipalidad dara por recibida de cada seccion concluida y que no sea menos de tres cuadras en los ocho dias despues de haberse dado aviso por escrito por los empresarios de la terminacion de dicha seccion.
En los niveles que ordene la oficina municipal de Obras Publicas, los desmontes o terraplenes que hubiere que hacer seran de cuantas de la Empresa.
La conduccion de la piedra que se extraiga la hara la Municipalidad con sus carros.
En la propuesta se fijara el precio por metro cuadrado de adoquinado, cuyo abono se efectuara de conformidad a la ley de 28 de Octubre del ano anterior, la mitad por la Municipalidad y la otra mitad por los propietarios en las siguientes condiciones:
1°—La parte de la Municipalidad en letras a 90 dias de plazo o al contado con el descuento del 8 o/o anual.
2°—La parte correspondiente a los propietarios en doce mensualidades iguales, desde la fecha en que la Municipalidad se reciba de las obras.
En cada cuadra se designaran dos vecinos de la misma que inspeccionen los trabajos a mas de la inspeccion pericial de la oficina.
La Empresa garante por el termino de dos anos los trabajos que ejecute, quedando despues de este tiempo libre de todo cargo.
La introduccion del adoquin y de la arena sera libre de derechos.
La Municipalidad se reserva el derecho de mandar suspender las obras sin remuneracion por la parte ejecutada, si ellas no se hicieren de conformidad a las condiciones establecidas.
La Empresa constructora del adoquinado es responsable de los danos que causen en las canerias de Aguas Corrientes y otras al remover el pavimento de las calles.
Las cuestiones que puedan suscitarse entre los contratistas y la Municipalidad seran resueltas administrativamente por esta, salvo el recurso que acuerda el art. 20 de la Ley Organica.
Los proponentes presentaran con anticipacion al acto y por escrito un fiador solidario que la corporacion aceptara o no.
Todo el que entre en esta licitacion tiene que depositar en la Tesoreria Municipal la suma de veinte mil pesos m/c como garantia que el contrato sera firmado, los que quedaran a favor de la Municipalidad en caso de no presentarse a hacerlo tres dias despues del en que se le hiciera saber la acceptacion de su propuesta.
La Municipalidad se reserva el derecho de aceptar la propuesta que considere mas ventajosa a los intereses que representa o no aceptar ninguna, como a dividir por partes el total de cuadras, cuyo adoquinado se saca a licitacion para adjudicarlo a los empresarios si se presentan en iguales condiciones.

TRIP TO UPPER URUGUAY.

LETTER I.

Our steamer, the Jupiter, was so crowded with passengers and laden with cargo that, although we should have sailed at 10 a.m. it was 1 o'clock when we weighed anchor. Our party was composed of so many Bolsa brokers that not a few regretted having come on board so early, as they had sufficient time to have gone to the Bolsa and made a fresh commission or two before starting. We lay at anchor in the inner roads for three mortal hours, with the paddle wheels of an old wrecked steamer staring up alongside us, which provoked many remarks on Government navigation and steamboats in general. Lighter after lighter with cargo came alongside. Where on earth is all this cargo going to?' asked Mr Penard. 'To Paysandu and Salto' answered the purser. The surprise of many of our friends at the trade going on showed how little they knew beyond the banks and the Bolsa of the business doing in the Plate. Mr Rives, the millionaire owner of our steamer and all the Uruguay steamers, was on board: A Frenchman by birth, he has passed all his life in these countries. He wears spectacles, speaks a little English, and is about 55 years of age. To-day he is the Vanderbilt of the Plate, and if things continue as they are going, he will be the richest man in the Plate. Our steamer was crowded with tourists and excursionists. Mr Passmann and his two brothers were on board, bound for the estancia Potrero, Entre Rios: Mr Russell was off for Casa Blanca, Mr Backmann for Paysandu; Mr and Mrs McColl had come up from Montevideo to proceed to Salto to marry our old friend and former tenant Mr Bowring.

The Jupiter was in every sense an excursionist steamer, and it was rather amusing to watch the glum countenances of our friends as it began raining. Don J A Fernandez proposed that when we reached Martin Garcia we should land there with the Cura, who was on board, but Mr Penard would not hear of it; as for me, it was immaterial whether it rained or not: in for a penny in for a pound; we had taken our ticket for Salto, and Monte Caseros was our bourne. It was close on sundown when we reached Martin Garcia. The place looks immensely improved since our last trip with the late Mr Fred. Moore to the Uruguay. We could see the hill tops of the magnificent estancia of Mr Bell, Martin Chico, one of the finest properties in the Banda Oriental. Strange to say, the improvements noticeable in Martin Garcia from the deck of the steamer seem to be more in houses and 'poblaciones' than in earthworks, battlements, or strong guns. A fine barbed road that leads from the beach to the barracks is distinctly seen, but the batteries are so masked that we could not see them; some half dozen of guns were on the beach, pointed to the channel: in the way of masonry or earthworks there is nothing to talk about, yet I hear that the last Argentine Government spent millions in fortifying the Island, and that the place is a second Gibraltar.

The river was so low that we could see the dry sand of the banks stretching away for leagues and leagues; it seemed to me that if a man had a short stick and a good pair of boots he might go the whole way on foot from Martin Garcia to the Tigre. Three or four foreign barques lay off the canal waiting for a favourable wind to ascend the Uruguay. We noted that the channel is buoyed, and a boat from the Island came off as we came in front of the 'Comandancia'. It was dark as we passed the majestic mouth of the Guazu, which Mr Fernandez had not seen for thirty years. The steamer stopped at Nueva Palmira, which is a very small place. In former years it boasted a flourishing 'graseria' worked by the late Henry Zimmermann, but to-day the 'graseria', like many other similar establishments in the Uruguay, is in ruins, and the town subsists on the support afforded by the surrounding sheepfarms and estancias. Estancia lands hereabouts, we heard on the steamer, are looking up, and good land is not to be had under 15 to 20,000 pats. per league; nearly all the estancieros are well off and flourishing, but the town decays. The rain came down in torrents and we all had to keep below. At Fray Bentos the Messrs Passmann will land in the middle of the night and the middle of the storm. Before they reach Gualeguaychu they will be drenched through and through; but then, like ourself they are tourists travelling for pleasure, so it is no matter.

THE EXHIBITION.

FRENCH AND GERMAN SECTIONS

These attractive sections of the Exhibition were formally opened on Wednesday night. The ceremony began about 8½ p.m. when Mr Urien entered the French section, followed by the whole Industrial Club. Mr Wagner, French Consul, and all the Gallic delegates received them. Then the Artillery band struck up the Argentine Hymn, which produced a general show of uncovered heads, most of them bald.

Consul Wagner then made a neat speech in which, like Mr Forrester in the British section, he regretted that France was but poorly represented, but claimed that he and the members of the French Committee had done their best, with the small means at their disposal, to make the French section presentable.

Mr Urien replied in graceful terms, complimenting the French nation highly and declaring its Section opened. The bands of the French Societies then struck up the Marseillaise, and there was a general move towards the Section of old Vaterland, where our esteemed colleague Mr Bachmann and the German delegates were in waiting. Mr B.'s speech was the most eloquent one of the night; he had the same excuse to make as Messrs Forrester and Wagner as to his great country being inadequately represented at the Show, but hoped that the Exhibition would increase the friendly feelings that had always existed between Germans and Argentines. (Great applause)

Mr Urien replied in a short but felicitous speech, and declared the German Section opened. The members of the German Singing Academy then sang in truly superb style the '*Bruder reicht die Hand zum Bunde*' The Artillery band then played another popular German air, which received great applause.

At this moment, the ex-President of the Republic, who is so popular with our German cousins, was asked to speak, and gracefully assented. We could not catch all of his speech, being at the back of the crowd, but he moved the distinguished Teutonic audience to decided enthusiasm, by his happy assertion that Germany was the first of nations in Force and Thought, the great Moltke representing the first, and the, if possible, greater Bismarck the second. The hall fairly trembled with the 'Hochs!' that followed the ex-President's brief but telling words.

France makes a remarkable show of machinery suitable to the wants of the country, and much praise is due to our friend and neighbour Monsieur Bernheim, for his zeal in displaying the latest improvements in the art of printing, so essential to this country, where every one aspires to be an author, where so many newspapers can flourish, and where poets, however mediocre their works, find so much favour. Who dares say there is no love in this country for the fine arts? The real fact is that there is far more taste for music, poetry, painting and sculpture than for steady hard work.

The German section is also highly creditable, but we feel bound to warn our Argentine friends against the idea that either Great Britain, Germany, or France are adequately represented in Plaza Once. The fault is not theirs, but is due to the numerous difficulties the Exhibition met with from the beginning, and which the Industrial Club in the end so creditably vanquished.

THE MARRIAGE OF MISS PERKINS OF ROSARIO

On Wednesday the 5th., the daughter of Mr. William Perkins was married to Mr. E. E. Kennard-Davis The Catholic ceremony was performed at 11 o'clock in the house of the father of the bride, after which the numerous company drove to the English Church, where the Rev. Mr. Lett, assisted by Dr. Cunningham, united the happy couple. The church was crowded with the friends of the family, and many curious spectators. The bride was dressed in pure white satin, profusely festooned with orange blossoms. The bridesmaids, eight in number, were uniformly dressed in white muslin, trimmed with white satin, and without bonnets. Each carried a lovely bouquet in her hand. Their names we take the liberty of giving. Miss Gertrude and Miss Constance Fisher, Miss Lett, Miss Lucinda Urtubey, the Misses Maldonado, and the two sisters of the bride, Miss Lola and Miss Charlie Perkins, the two latter supporting the train of the bride's dress.

From the church the long train of carriages returned to the house of the parents of the bride, where the wedding 'dejeuner' was prepared Numerous speeches were made, and uproarious was the enthusiasm when the bride, with a silver knife, made the first incision in the monumental wedding cake that graced the centre of the tables. The groomsman, Mr. Charles Jewell, toasted, as in duty bound, the bevy of beautiful bridesmaids, and after a couple of hours of that peculiar enjoyment of a wedding feast, half pain and half pleasure, the newly married couple were packed in a carriage and started on their life-long matrimonial journey, in which we hope they will always find solid and effective happiness.

A large table groaned under the load of the handsome and valuable presents received by the bride.

The happy couple started the same afternoon for Buenos Aires.

March 10, 1882.

That Prince Milan should cause himself to be proclaimed King of Servia, or that there should be a newspaper rumour that the Sultan of Turkey was putting his fleet in fighting trim, would be passed over as among the ordinary events of the chronic Eastern Question, were it not that General Skobeleff continues his oratorical crusade even when at Warsaw and at St. Petersburg. As fast as he gives utterance to his insulting tirades against the German Chancellor and German people, they are officially disowned by the Russian Govern-

ment, firstly, as unauthentic and exaggerated, and, secondly, as the outpourings of the private craze of the young General. Still it goes on, and General Ignatieff, who is supposed to favour the ideas of Skobeleff, remains in power. It is not rational to assume that the words just attributed to General Skobeleff in St. Petersburg itself are authentic. He is reported to say—'The German Empire made by Bismarck, by blood and iron, shall be destroyed by the blood and iron of Russians.' Politically such nonsense could only be accounted for on the old supposition that such expressions are permitted to be published as a warning to Austria that she will not be allowed to infringe the Treaty of Berlin, and at the same time it flatters the vanity of the Russian populace, who are kept in ignorance of the real relations between the Governments and Courts of Russia and Germany. Still, whatever understanding may exist between the courts of the two nations, the German people and press seem inclined to take the insults 'au serieux,' and the danger is, that should any difficulties arise between the Governments concerned, it will not be easy either for Prince Bismarck or Count Ignatieff to avoid a serious ill feeling between not only two nations but two races. It is this question of 'race,' so despised by self-styled practical politicians, which for the last fifty years has perpetually cropped up and untied the red tape of foreign offices, just as in our own happy country it renders nugatory Acts of Parliament and the decisions of land courts, and refuses to be pacified by appeals to law and order and the rights of property. The sentiment of race is as respectable in its way as the sentiment of loyalty which in the last century prompted the burden of Tory and Jacobite songs. Those songs represented one overpowering sentiment, fealty to the person of the King, who shall have,' as they said, 'his own again,' and 'damn law and liberty,' 'damn the people,' 'curse the people.' The quotations are not elegant, but you know they are textual, and with a little alteration the songs might run now, 'damn law and property,' the people Irish or Saxon, shall have their 'own again,' In neither case can the sentiment be fully recognised by the politicians, but it is a great error to wholly ignore it, as the merely practical statesman is apt to do. An error as disastrous as to ignore the swing of the tide of national thought, as some of the very best men, morally speaking, in England, as well as some of the stupidest, are at this moment persisting in doing. Lord Salisbury and his admirers, Lord Redesdale and his congregation, Sir Stafford Northcote and his followers, must be either intellectually blind even to the interests of their own cause, or so puffed up with jumboistic sentiment as to believe the world that is not their world is the wicked world with which they will have no communion, whatever be the political and social consequences.

The Government, with great opportuneness, has just had printed a blue-book, containing reports from British Consuls in various parts of the world as to the practice which obtains in the principal countries in regard to oaths and affirmations required from members of the Legislature. It appears that in the Christian and Catholic Empire of Austro-Hungary no oath is required at all. In Belgium it is required that the member shall raise his arm and say, 'I swear.' In Germany, in the Imperial Parliament, neither oath nor affirmation is required and it is the same in the French Chambers. In short, the countries in which the old solemnity is rigidly adhered to are Spain and Portugal, Bavaria and Great Britain. Well might Buckle say that the two most superstitious countries in the world are Spain and Scotland—he, no doubt, included mentally a large part of the country south of the Tweed. But with Englishmen it is not so much a question of religious superstition as of moral and political superstition, born as much as anything of an unduly developed organ of self esteem, coupled with small powers of comparison and idoalising faculties. When Lord Redesdale, in the face of the Consular report and of the current opinion of educated society in Europe, seriously brings in a Bill in the House of Lords to insist that members of both Houses shall before taking their seats declare their belief in Almighty God, he is really, if unconsciously, making a dangerous concession in respect to the religious creed of the country. The proposed law is essentially unchristian. But what the man means is simply that a plain affirmation, like the cloture and other newfangled measures is 'un-English,' and in that word are implied all the law and the prophets of a certain class of unintelligent Britons. The motion of Sir Stafford Northcote in the House of Commons to reaffirm the previous vote, excluding Mr. Bradlaugh, was passed without a division, but, on the other hand, the amendment proposed by Mr. Majoribanks, 'that it is desirable that the provisions of certain acts, 29th Vic. chap 19, &c., should be so modified as to permit every elected member of this House to take the oath or to make the affirmation prescribed by the statutes at his option,' was largely discussed and defeated only by a majority of 15. amounting almost to an advance and even a victory in favor of toleration. It is characteristic of the precise position of affairs to add, that in introducing his amendment Mr. Majoribanks said, 'he regarded Mr. Bradlaugh's opinions and actions both inside and outside the House with something like disgust and indignation.' It is thought that on the strength of the small majority against the amendment Mr. Gladstone may yet in this session make one of his usual somersaults and either bring in a Government Bill or support a private Bill abolishing the Parliamentary oath.

He has succeeded in passing his so-called vote of censure on the House of Lords by a large majority—68—representing the pure Radical strength of the House; free of the Irish contingent. Meantime the House of Peers goes on with its inquiry as if nothing had happened; but matters cannot rest there.

Amongst other reactionary attempts of the week, Mr, Storer's motion to reconsider the question of import duties, and, in fact, to introduce Protection, under the guise of 'fair trade,' was in a most undignified but befitting manner 'counted out.' The 'fair trade' movement is slain. Its own friends who, at the commencement, yelled in support of it, are now ashamed to own it.

Protection is even losing ground in the Congress of the United States, and the French Government has received something like a reprimand from the Chambers of Commerce of Marseilles and Bourdeaux.

It is quite possible that in May or June the negotiations for the Commercial Treaty with France may be resumed.

EDITOR'S TABLE.

We specially recommend our Supplement to-day to the English portion of our readers, as it contains a full report of the recent General Meeting of the British Cemetery, an which institution in so many take a grave interest.

Not a soul came to see *the map* yesterday. Rather queer this.

The English bachelors' ball on Wednesday night at the Coliseum was one of the most brilliant ever given in this city. Nothing could be more perfect than the arrangements. The hall of the Coliseum was beautifully decorated and the orchestra up-stairs hung round with British flags. For the accommodation of the ladies the sidewalk and steps were carpeted, and the facile yet novel arrangement of ticketing the carriages, won from an English gentleman just arrived, the remark that even in London they do not do it so well. At 10 o'clock the carriages began to arrive, and about midnight the hall was radiant with youth, beauty, and fashion. In fact large as the Coliseum, it was quite evident had the bachelors been more profuse with their invitations, dancing would have been out of the question; the ball-room was so crowded at midnight that promenading was difficult. In the ante sala there was a well supplied buffet, and towards 3 a.m. the ladies were led to a superb supper. The bachelors were so praised by all that not a few old married men wished they were bachelors again, wild youth returned, and their dream of life, 'love, still love.' We congratulate our young friends on their brilliant success, and hope that the ball may prove the prelude to still greater success in matrimonial lines

The missing letter No. 1, from the Uruguay, turned up yesterday, and will be found in our leading column.

The Corrientes fuddle was in the rocket and 'regocijo' stage when last heard about: everything settled and everybody concerned all right, so we wont trouble our readers with any more about it. The Volpi affair is being kept alive by newspapers on both sides of the river, but they will soon get tired and drop the subject, at least we hope so.

The Pedagogues had a lively time of it on Wednesday, owing to the serious and delicate topic of religion being most unnecessarily introduced into the debate. Before the rumpus began, M Groussac made a truly splendid speech; he disclosed even a more gloomy state of educational things than Mr Torres on the previous day, showing that the attendance of children at the public schools has been falling off gradually since 1876, that the once frantically popular 'Bibliotecas Populares' have all gone to the dogs and the waste paper basket, and that, of 562,000 children fit to go to school, there are only 82,000 who do so. A truly terrible look out this.

Yesterday the funeral obsequies for the lamented Miss Andrade took place at the San Nicolas church, which was draped in the deepest mourning and filled to its fullest capacity by most of the leading men of this city. We noticed H.E. the Vice President, Dr Victorica, Minister of War, Dr Plaza, Minister of Foreign Affairs, Lord Mayor Alvear, Judge Leguizamon, Dr Juarez Celman, Governor of Cordoba, Admiral and Commodore Cordero and in fact a very strong representation of the National Government. Mr Andrade and his sons, with Dean Dillon, stood at the door of the church at the end of the ceremony. The church was also crowded with ladies, all dressed in the deepest mourning We tender to the bereaved parents every expression of sympathy at their irreparable loss.

The Vandyke does not bring any later papers from England. She has, however, brought us two more letters from 'Our Own' in London—one about Jumbo and the other on Politics. We give the latter in another column.

There is very ugly news from Santa Fe, where the Indians are reported to be at their old game amongst the outlying colonies, owing, it is said, to the troops having no horses, while the Indians have lots, and Remington rifles to boot.

The *Revista Medica* reports the health of the city as very good, all things considered. Talking of health, a subscriber asked us a pertinent and not impertinent question yesterday—'when will the City Improvement Works be resumed?' As well ask the Man in the Moon. We hope it will be soon. The weather is now cool enough to begin.

The 'Fiestas Mayas' are already on the conversational tapis. The Municipality intend to spend $100.000 m/c. on them this year. We hope that some improvement on the old-horse programme of the last 66 years will be attempted. It is really time for a change for the better. The Sol de Mayo himself must be quite wearied with the monotony of his annual receptions.

The attendance at the Exhibition is affected by the change in the temperature. On Tuesday the receipts were only 14,000$ m/c.

The skeletons of four bodies were found at the Conchas the other day by a police sergeant: they were concealed in a 'biscachera.' From the appearance of the bones the doctors say that the men's throats were cut, and that the bodies must have been concealed fully 20 years ago.

A grand Chess Tournament will commence at the Exhibition on May 1st. Names of players can be entered up to 28th ult. Every man will have to play every other man two games.

Several specimens of ores, one of pure gold, and also an Indian trumpet, have been stolen from the San Luis section of the Exhibition. This is really too bad. Where are the detectives?

The honour of the first attempt to resist the new Cattle Marking Law lies with Mr Patrick Lynch, who has appealed to the Supreme Court of the Province to declare said law unconstitutional and therefore of no avail.

Under the heading of 'Too Utterly Utter' a Society paper in London thus describes two masquerade dresses worn at a high-life ball in Paris lately—

"At Mme. Guichard's fancy dress ball in Paris last Wednesday, the most attractive costumes were those of a cock and hen, worn by a young married couple. The cock, whose face was entirely concealed by his head-dress, strutted proudly in, giving his arm to the hen; he wore a yellow plush coat, a tremendous jabot of white feathers, breeches covered with brown feathers, silk stockings, red-heeled shoes, a rose in his button-hole, and a field-marshal's hat with golden plumes on his cock's crest, thus thoroughly personifying the martial Gallic cock. The hen wore a white satin petticoat, with long rows of showy-white feathers, a white plush cuirass bodice, a tunic composed entirely of feathers, to which was attached a small hen's tail, scarlet silk stockings and shoes, and on her head she had a coral tuft, and she carried a basket of eggs on her arm."

Monsignor Mattera, Papal Delegate, leaves this evening for Montevideo.

Baron Gravenegg, Austrian Minister, returned from Montevideo yesterday.

The new Government in Corrientes is:—

Governor, N. Soto (ex-Vice Gov.)
Government, Derqui.
Finance, Contreras.
Chief of Police, John Resoagli.

The Damas de Caridad's ball will come off on May 5th, at the Progreso Club.

Olivos is now to have its turn from the new provincial capital Commissioners, who intend to have a picnic view of the charming riverside village in a few days. No wonder there is such keen competition for the locale of the new city. The latest Bill sent to the Legislature shows that 3½ *millions sterling* are to be spent on it. Not *forty* millions stg., will make it a rival of the nation's capital, if that be the object. In making a metropolis, Time has a far more important part to play than Money.

The Baroness Maua and her lovely daughter have arrived here to see the Exhibition. They are the guests of Baron Gondin, at the Brazilian Legation. We feel much pleasure in saluting the distinguished visitors.

A 'sujeto' living in Calle Juncal applied to the police some days ago for advice. It appears that he has a holy horror of politics (wisest of men!) in any shape, and his neighbours not only 'cut' him dead when they meet him in the street, but occasionally outrage his 'dignidad de hombre' by administering kicks and cuffs to him, when he refuses to express any opinion on politics. His reticence about the Corrientes revolution procured him such a tremendous hiding that he could stand it no longer and went off to consult 'la autoridad.'

Two distinguished men have just died in Paris from a singular cause. Colonel Aden, Director of the institute Cartographique, thought he had a chair behind him, and in sitting down fell with all his weight on the floor. He died within a short time from the effects of the accident. About ten days before, M. Pirson, Governor of the Banque Nationale, went to a dinner party at the Spanish Legation and sat beside the hostess. She rose from table and, then continuing a conversation, resumed her seat. M. Pirson followed her example, but a footman had meanwhile removed his chair, and in his fall he injured his spine and survived only a few days.

Another Mendez in the field—Mr Robustiano Diaz, who has presented his compliments to the War Minister announcing that he has designed a war ship that all the torpedoes and Armstrong guns in Woolwich Arsenal could not sink, to say nothing of a speed compared with which that of the Mendez-Morse Corkscrew Steamer is mere crawling. This robust invention of Mr Robustiano Diaz is (in his opinion) of transcendent importance, and, with six of his vessels he is prepared to fight and destroy the combined war navies of the world, including even that of Great Britain and that which Uncle Sam is thinking of building. Mr Diaz, we salute you with as profound respect as if you were a new subscriber.

Messrs Lacroze, the Tramway Kings, will open another branch line on the 15th, southwards, from Calle Victoria by Santiago del Estero, Comercio, Lima, Plaza Constitucion, Piedras, Alsina, into Victoria again.

We have a tit-bit of news for our fair readers—a new nocturne by Mr Frederic Loose, who is so well known here now as a composer and a performer. His new Nocturne is called 'Souvenir' and is extremely sentimental. Messrs Rolon & Oca of 171 Calle Piedras are the publishers. Mr Loose is fast rising in his noble profession.

Patacons	25.—
Cedulas A	101
Do E	85½
National Bank Shares	116½
Roads and Bridges	100½
Old Gas Co. Shares	1,550$
Deuda Amortizable	21½

Gold was very freely offered to-day for every month in the year and for end of present month, but no buyers, and the rumoured move in the Provincial Bank to discount in gold and receive paper money in payment has checked the very little business that has been doing in time transactions.

In Cedulas very little doing, prices are so high that investors prefer other stocks. Series A rules hard at 101, and Series B at 85½.

One sale of Roads and Bridges at 100½. A small sale of 20 Old Gas Shares receivable to the end of the year at $1,550 m/c attracted notice, as it establishes the first quotation since the payment of the dividend. We believe more could be sold at that rate, but few holders are willing to accept such low rates.

Deuda Amortizable was slightly dealt in, there is a feeble effort to push the stock in this market, but so long as the National Bank Shares hold the ascendant, there is not much probability of the Deuda making much headway amongst us. One or two large holders in this market are of course much interested in having the stock well before the public, but as yet there is uncertainty in what money is the black board quotation.

The share market opened rather firmer this morning, and had any large operator entered as a buyer, prices would have advanced, as the feeling of the market is apparently for a rise, owing to one or two parties offering 100 pats for right to deliver 100 Shares at end of month at 113, and other 1000 pats for 1000 shares on similar conditions. Yesterday afternoon, things ruled flat enough at a late hour, but early this morning things looked stronger, and although the great men did not operate either for a rise or fall, still more buyers than sellers were offering and prices marched up to 16⅝, when fresh sellers came forward and the market flattened to 16½. There was nothing much said about the proposed scheme for increasing the bank's capital. In fact the matter may have been over speculated on, as all those dabbling in the stock save very green outsiders are well aware of the impending move; we believe in these days there will be a meeting at the Bank about the matter and which soon will fill all the papers. The market this month seems to be much more in the hands of the brokers than last month and the Shares more scattered, whatever rise occurs in the market suits the ring to sell, since nearly all the Shares held by brokers stand them in under 116, and the opinion is general that neither the Bolsa nor market are in position to pay heavy differences of 10 to 15 per cent, should the 'bona fide' holders of the shares sell out at a profit of 1 to 2 per cent, the latter will have to take up the stock, since there is no outside combination for a rise spoken of, nor is it probable now that next month Congress will discuss the project for issuing more shares. The market, therefore, hangs at its present figure simply for the want of some wild outorder, as in former months, to enter and upset the balance. All the money so far made in the stock this month has been by ring men, who buy to sell at even ⅛ or ¼ advance. the business seems a sure one They say on Change that there is a split in the Italian Syndicate, one portion going for a rise, the other for a fall; so best for the market, as it will save the month's liquidation from those tremendous differences which even in 'market' much larger than ours would be felt.

Mr Read, a celebrated Photographer with a staff of artists from the U. States, has arrived for the Exhibition; we have seen his works and must say that to our mind they are the perfection of the photographic art. Ladies should call at Mr Bradley's with whom Mr Read is associated, and see his pictures. Mr Read was in Melbourne during the last exhibition and carried on business under the style of Tuttle & Co. of San Francisco and Melbourne, which was dissolved under due legal notice published in the papers. We have much pleasure in welcoming Mr Read to the R. Plate, and trust that he will find the same large patronage from the River Plate Exhibition public that he met with in Australia.

The sales at the ring were as follows:—

Gold.—
No operations.
Cedulas—
For cash A 5,200 at 101
For April 30th E 5,000 at 85½
Sales, 10,200.

Deuda Amortizable—
For May 31st 20,000 at 21½
Roads and Bridges—
For cash 6,000 at 100½
Old Gas Co. Shares—
For Dec. 31st 50 shares 1,550, to deliver.

The mails have brought circulars from Glasgow announcing that the Union Bank of Scotland in common with all the other unlimited Banks of Scotland will be registered with Limited liability under the companies acts 1862 to 1880, and that such registration shall take place on Monday 3rd April. The capital of the Bank after registration will be 6 millions sterling, of which one paid up.

At the large land auction at Baltar & Quesada's to-day, the Tres Arroyos estancia, 7000 hectares, was sold for 66 m/c per hectare, giving say 178,200 m/c per league. For the other land no bids made.

Exchange was done this afternoon at 49½, brokers quote the rate 49⅝–½ on London, on Paris 5.20-21, on Antwerp 5.22. Within the last few days important transactions on Rio were effected. One of private banks drawing freely; it is estimated that from 200,000 to 250,000 pats have been done, in all say 500 Contos. The rates were first 1:400, then 1:500, and something done at 1:550. Exchange having advanced in Rio to 21½, the rate here ruled at 1:460. Some of the exchange passed we hear gave 50¢ as remittance; rather a good exchange in these times. Some Chilian bills have also been received and passed, but we have not heard the rate

A rise in sheepskins is reported from the Plazas to-day; several piles sold at 24½–24¾, and one holder refuses 24½ for his lot; these skins a few days ago could only fetch 22.

The Plaza Once, as regards wool, is bare, not a single pile left, and nothing in this morning.

The sale of another league of Venado Tuerto land is reported, price reserved. Land purchased by a Belgian house to square its present property.

Messrs Preston & Shuster, of Manchester, have arrived, having made the trip to Itaqui, they leave immediately for England.

It is rumoured that the *Tribuna Nacional* is about to change hands.

The *Prensa* this morning publishes a long article on the Treasury Bill question, commenting strongly on the petition of the London holders. *Vanity Fair*, a paper that has been always very severe on this country, in its number, dated 25th Feb, says the Argentine Government has a perfect right, the debt being a home loan, to issue the decree in question, regulating the amortization in the absence of bids.

Buyers of Rio Negro lands offering, and 20,000 m/c per league offered for the land sold a few weeks ago at 21,000 m/c per league, the land is within 5 leagues of Puan.

Up to late hour this afternoon the Villarino had not yet crossed the Rio Negro bar, which must be very rough, owing to the South East gales.

The Municipality has paid to the Western Railway, for the various service 225,000 m/c: many think that the Railway ought not to charge anything for the service, and that the Bondholders have a prior right to this money.

At afterhours there was a rise in the Nat. Bank stock, caused by a well known German broker buying, it was said for account of the Syndicate; moreover they say that there is very favorable news about the bank, whose business in the sucursales is now much larger than last year. The bills or notes for Entre Rios have arrived and are in port, and we hear that large offers of foreign capital have been received by the Board, also that the judicial deposits flowing into the bank are large; all this favorable news tells on the Shares and prices show an advance on yesterday of a good 1 per cent and a tendency to higher. Fines for the delivery of shares at the end of the month were not so freely offered this afternoon, and some parties were quite willing to accept 1000 pats for excessive 1000 Shares on 30th at 113, but it was not offered; from 300 to 400 Shares sold this afternoon at 116½, market closed buyers at that rate.

The sales at afternours were—
Gold—
Nothing done.
Cedulas—
Nothing done.
National Bank Shares—
For April 30th 500 shares 116½–⅝

Our letter from London by the mail gives the following:—

"The failure is announced of the house of Luis Falcon of Antwerp. The liabilities are two to three hundred thousand pounds. The connections of the house were chiefly with the River Plate. The formation of a large company for the supply of fresh meat from America is an interesting commercial event already realised; and I hope in a few days to be able to announce the completion of arrangements for launching another large and powerfully connected company of more interest to you. It will have abundance of capital and includes amongst its supporters names of distinction not only in the R. Plate but Australia. It will be formed for the purpose of utilising, through meat freezing processes, the inexhaustible supply of cattle from Uruguay and the Argentine Confederation. The only detail now to be settled is the arrangement with the steamship companies."

The great news in the market is the proposed scheme of one of the Provincial Bank Directors to increase the gold discounts of the Bank by passing a rule that all gold bills can at their vencimientos be paid either in paper money or gold. The measure meets with the fullest market approval, and it is hoped that it will be carried out, as it would be in effect a commercial Officina de Cambios inauguration, which is the only thing wanting to give increased confidence in the market. The Bank holds in gold over a million sterling, which is lying idle, owing to the disinclination of merchants to take gold in discount from the Bank. The new rule would, however, remove all difficulty, and enable the Bank to find the best bills in the market for its specie.

The cable between Pernambuco and Europe appears to be mended, since we had telegrams last night, dated April 10th, in Europe; nearly all our merchants have been waiting for the last week for telegrams.

It is rumoured that Sr Uriburu, our talented Minister of Hacienda Provincial, will shortly make a trip to Europe for the benefit of his health. We desire him a most agreeable tour, and suppose on his return we shall be all out at the new Provincial Capital.

The Spanish barque Teresa chartered to load 3,500 qq. beef for Brazil at Mr Somora's new saladero port Gomez (where is it?) at 4½ to 6½ per quintal.

The sale of 4,500 qq. beef at Mr Connor's splendid saladero Colon is reported at 50 rls.

The Bank discounted yesterday 5 millions currency and nothing in gold. All the private banks are discounting, but chiefly in gold.

Mr Gregorio Torres has offered the Municipality to 'adoquin' 40 squares at a fixed figure without licitacion. Mr Alvear declines to make contract without first calling for bids.

Respecting the steel wire seizure by the Custom House, we hear the affair is over, it being a mere technical error as wire comes in almost free of duty.

Mr Yarrow of Montevideo and Mr Galway, Manager of the Montevidean Water Works, were both welcomed on Change.

At the next Municipal meeting the new Administrator of the Mercado del Plata will be named; we believe Mr Freyre will get the post.

The Custom House receipts were never better, and in the first 8 days of the present month the receipts reached over one hundred thousand pounds sterling. If the money keeps flowing in in this way, there will be no deficit.

President Roca, having arranged the Corrientes revolution imbroglio, has pushed on to the Green Chaco to have a look at the new Chaconian Colony Formosa.

Letters from Santa Fe give very bad news about the Indians up there. It seems that close to the Colonies in the Rincon San Antonio, Mr Lezama's camp, and no 2 leagues out from the doris of the 6th of the line, the Indians have established an encampment, and that they are well armed and mounted; the War Minister had better look to this in time and take the proper steps. They say the Government troops are afoot and without a horse.

One of the fine quintas on the Flores road, between Caballito and facing Lambare and Wanderer, we hear will shortly be offered in the market and sold in lots; this will be a grand chance for people to obtain beautiful quinta sites, since the position is one of the finest in all our suburbs.

A Capital breakfast party comes off in a day or two at Las Olivos; land speculators have their eyes on the fields about there, as the rumour goes the Chambers are in favor of Olivos for Capital in preference to Ensenada.

The latest we have from London about the 20 million loan is that the Northern Railway protest to the London Stock exchange has been squashed by the agent for the Government of Buenos Aires presenting a counter claim against the Company, denying that the Government owed the Railway Company, and offering to deposit the amount of the guarantees claimed, £ 6,000, pending the settlement of the question by arbitration: of course the Stock Exchange is not a Judge's court and where the claim was disputed and a counter claim presented, the matter had necessarily to go to arbitration, thus the matter ends. The Government here will either expropriate or adopt another course which will make it desirable for the shareholders to sell out.

The str. Europa left for Genoa on the 7th instant with the following cargo:—
922 bales wool
30,000 horns

The following clearances are reported:—
Germ. brigantine Olida in ballast for Chile by Woodgate.
Spanish brigantine Monjuich with 220,513 kilos jerked beef for Rio Janeiro by E Madero.

1,500 bags negro animal
3,000 salted cow hides
9 boxes merchandise.

The latest from Liverpool about hides is the following:—

Salted R. Plate and Rio Grande Hides—

A dull unsympathetic tone has characterised the market during the past month, and the trade, by continuing to hold back, shows the strong disinclination that exists amongst tanners to put in hides at present prices. The only sale of moment has been 3,000 old season's Uruguay heavy ox at 6¾d, a decline of ¼d per lb.; but though holders are now asking 7d for the balance of the reduced stock, so far no buyer seems disposed to advance upon the former figure. There has been some little inquiry for light ox, but the sales which have resulted are limited.

Nothing has been done in floating cargoes of new season's Uruguays, the disparity in the ideas of importers and buyers being so far too marked to admit of any successful negotiations. In Rio Grandes the Stella Maris, Fraeb's shipment, guaranteed a minimum shipping average of 67 lbs., and to be loaded by the middle of March, has been placed at 6¾d heavy and 6¾d light ox; but there seems at the moment no further disposition to accept these prices for early sailing cargoes, though for March and April shipments they might be entertained.

The latest telegrams from the R. Plate, 1st of March, give the slaughter up to date as 540,000, against 268,000 last year, and 643,000 in 1880.

The continental markets have been far from active, especially Antwerp, the reduced stocks exerting much less influence than might have been expected. A fairish business has been reported from Havre, in new season's Montevideo ox, but prices have slightly tended in buyers' favor.

Import, 2,402 R. Plate, received via Continent and taken direct for consumption.

Sales, 4,447 Casa Blanca ox, 6½ lbs., at 7¾d to 7¾d, tare 5 lbs.; 52 lbs. at 6¾d, tare 4 lbs San Nicolas (matadero). 62½ lbs. at 6¾d, tare 5 lbs.; 82 lbs. at 6¾d, tare 7 lbs.; 49 lbs. at 5¾d, tare 4 lbs.

84 al2 xp (e.o.d.)

The stock consists of 10,799 hides.
R. Plate heavy ox, 8,952
Do light ox, 1,727

Total, 10,649

Rio Grande light ox, 500

The leather market has been quiet, partly influenced by the course of the money market, and partly by several failures, still a moderate business is reported, though some tanners have been compelled to reduce their prices for heavy foreign butts and bends.

Dry R. Plate Hides—
Import, 527 hides.
No change of interest, parcels of fair and suitable quality commanding previous.
Sales, 1,401. Rosario ox, 35-37 lbs., firsts at 10-10½d; seconds at 8⅝-9½d; broad, 35½ lbs, firsts at 9½d. Cows, 21½-27 lbs., firsts at 9¼-9⅝d; seconds at 7¾d per lb.
Stock, 2,192 hides.

Horse Hides—
Import, 178 dry and 1,200 salted hides.
A moderate inquiry, but sales restricted by the disinclination of buyers to accede to any advance.
Sales, 178 dry and 8,430 salted. Dry Buenos Aires, 12½ lbs. at 7s each; salted B. Aires, 30½ lbs., at 11s 6d; Uruguay, 32-34 lbs. at 10s 10d to 11s; Rio Grande, 34 lbs. at 10s 6d each. Since these figures were compiled 1,200 Montevideo, 27 lbs., have been placed at 9s 9d round, a price in importers' favor.
Stock, 1,169 dry and 7,628 salted hides.

R. Plate Sheep and Lamb Skins—
Import, 148 bales.
A quiet demand, but tolerably steady market.
Sales, about 88 bales. B. Aires Merino, 95 to 117 bales at 8d; Montevideo, 91½ lbs at 9½d per lb.

Hair—
Import, 78 bales.
At the public auctions held on 15th instant, there was a fair but not full attendance of the trade, and at times the sales were rather dragging. Cut and stump tails of really good lengths and quality realised an advance, but 2nds and 3rds went in buyers' favor. Mixed sold irregularly, and whilst higher prices were obtained for some parcels, on the whole there was perhaps little change in value.

THE STANDARD—Printed and published every morning at the Standard Printing Office, 154 Calle Piedad.

BRITISH CEMETERY

Pursuant to notice a General Meeting of Residents was held on the 3rd April, in the schoolroom of St. John's Anglican Church, William Wilson Jr Esq. in the chair.

The following report was read—

The Committee of Management have the honor to lay before you the report for the eleven months of the year 1881, ending on the 31st December.

General Meeting—On the 9th Feb. a General Meeting was convened by H.B.M. Consul and Messrs Wilson, Krabbé, Runciman and Tucker, were elected as a Committee of management.

Committee for 1881—At their first meeting they elected Mr Wilson, Chairman; Mr Runciman, Superintendent of Cemetery; Mr Krabbé, Treasurer; and Mr Tucker, Secretary.

DOCUMENTS AND VALUES

All those in the hands of the Consul and of the out-going Committee were handed over, and the Committee thus received $f12300 Nat. Bonds, and $f 8500 Cedulas A, and $5325 cr. The Bonds and Cedulas were placed in a deed box and deposited in the L. and R. P. Bank, to the order of the Chairman and Treasurer.

REGISTER OF PROPRIETORS OF GROUND

As no register existed, the labour of forming one had to be undertaken. The work is not yet completed owing to the unknown proprietors not having come forward, in response to the repeated requests of the Committee, in order to have their holdings located; and the Committee have, with great regret, to leave the prosecution of this labour to their successors.

PLANS OF GROUND

As the old plan was quite incorrect in every way, and scarcely legible, it was also resolved to have the ground surveyed and a new plan drawn up. This work was efficiently carried out by Walter H Ford, and the names of proprietors, so far as known, are given on the plans.

GROUNDS

The Committee received the Cemetery in the condition with which you are all acquainted and at once saw the necessity of an entirely different system being adopted in order to keep the grounds in order. The direction of the necessary works was placed in the hands of Mr Runciman, and a gardener was engaged. The walks were well and thoroughly ballasted, pipes for water-supply put down, and the grounds laid out. The cost has been heavy of course, but the Committee hope that the community will consider the money well spent.

The classification of these expenses, the whole of which should strictly speaking be charged to capital account, is as follows:

Walks		
Material	$18,209	
Labour	9,255	
		$27,464
Water		
Material	$10,586	
Labour	1,500	
		$12,086
Plans		3,120
Garden		2,165
Carpenters		4,709
Repairs		4,690
Sundries		1,068
		$55,302

WATER SUPPLY

The laying out of the grounds of course entailed the necessity of providing an adequate water supply. Application was made, both officially and privately to the committee of the water works, but without avail, as no mains pass the Cemetery. Different systems of obtaining a supply from a well, by machinery or pumps, were carefully studied, but the cost was so heavy that the Committee have hesitated incurring it, especially as the frequent rain falls have so efficiently supplemented the supply obtained from the old well. Water pipes, as already stated, were laid down all over the grounds, with taps at suitable distances and horse gear for a pump was purchased.

BYE-LAWS AND REGULATIONS

As those by which the Cemetery had been governed were drawn up some time in the year 1832, a careful revision was made, and numerous additions and alterations sanctioned. Printed copies can be obtained from the Hon. Sec.

CONTRIBUTIONS FROM THE GERMAN AND AMERICAN COMMUNITIES

These Communities have hitherto paid each one fifth of the Ordinary Expenditure. In view, however, of the large proportion of German interments, it was considered necessary that the terms should be readjusted; and accordingly the German Community have agreed to pay two fifths of the Ordinary Expenditure from and after the first day of July last, such expenditure being fixed at a maximum of $ 3,100 per month.

SOCORRO GROUND.

The house is occupied by Miss Lewis as care-taker. It is in bad repair. The ground is usually overgrown with weeds. There are three or four monuments and some mural tablets on the place.

Owing to the heavy outlay made in Calle Victoria, the Committee have spent nothing on the other Property.

STOCKS.

The Committee still hold the $f. 8,500 Cedulas Serie A and the $f.12,300 6 p. cent National Bonds received from their predecessors.

CASH STATEMENT.

The following is a resume of the cash movement from February 1st to 31st December.

DR.

	$m/c.
Balance from 1880	5325

3 coupons on National Bonds 3x4612	13836
40 Interment fres	6400
14½ Graves	9425
German Community to 30th June 1881	5760
American do do	5760
	58363

CR.

Extraordinary expenditure as already particularized		55302
Ordinary Expenditure as follows—		
Labourers	13,200	
Gardener	12,000	
Sexton	7,700	
Tools	1,697	
Sundries	1,40 0	
Salary to R. Hudson to 15th Nov.	8,750	44,647
		99,949

The deficit on the 31st December therefore amounted to $41,586. But deducting $8,862 for cupones on stocks due on that day, but collected in January, and $11,160 owing by the German and American Communities, the true deficit at that date will only have been $21,564.

The excess of Income over Expenditure during this year we calculate will be about $25,000.

Committee for 1882—

Mr Wilson and Mr Runciman are leaving for Europe, and you will therefore have to elect two gentlemen in their place. Mr Krabbe and Mr Tucker offer themselves for re-election. The Committee would suggest, that it should be settled today, that two members should retire in rotation each year, and that two 'suplentes' be likewise elected.

Buenos Aires, 3rd April 1882.

W. Wilson Jr.
Chairman
G. H. Tucker
Hon. Sec.

The Chairman on moving the approval of the Report said that he was glad to be able to congratulate the Community on the satisfactory nature of the report which had just been read; as, although the outlay had been large, owing to the disorderly and neglected condition in which the present committee had received the cemetery from their predecessors, the deficit at the present date only amounted to a little over $20,000, and that satisfactory arrangements had been made to cover this, without encroaching on the capital stock.

That the present income was larger, and that the annual surplus would also be larger than they had ever been. That he considered the thanks of the community were due to Messrs Runciman, Krabbe and Tucker for the time and labour they had bestowed in putting things in order; and he trusted that all those interested in the cemetery would be satisfied with what had been done so far. That 'veredas' had still to be constructed on the streets, and the boundary wall partially rebuilt and plastered. A notice to this effect had been received from the Municipal inspector, but he hoped time would be given for the work. That an order to pay 'Contribucion Directa' had also been received, but he understood this was a mistake.

Captain Pauli, on rising to second the motion, said that he had been very much pleased indeed on finding on his arrival here that the British and other foreign Protestant Communities possessed a cemetery so well laid out; and that the flourishing state of the financial affairs was also very satisfactory.

The motion being put to the meeting was carried unanimously.

It was then proposed by Mr Rodger, seconded by Captain Pauli and passed unanimously.

That Messrs George Cooper, Thomas D Peters, Charles H Krabbe and George H Tucker be elected a committee of management for the present year, the two latter gentlemen retiring at the end thereof. And that Messrs H F Gunning and John Sewell be elected as 'Suplentes'.

Mr Rodger then proposed a vote of thanks to the ex-committee. He had visited the cemetery more than once, and had no doubt that they had had a good deal of trouble and hard work.

This having been seconded and carried.

A vote of thanks to the Chairman concluded the proceedings.

Carlow Lay College
AND
ST. MARY'S PREPARATORY SCHOOL
Knockbeg, Queen's County.

In Carlow Lay College students are prepared for the Army, for the various professions, and for Degrees in Arts in the University of London.

Amongst Catholic Colleges, Carlow ranks next to Ushaw and Stonyhurst in the number of her students who are graduates and undergraduates of the London University. An Examiner from the University of London holds Examinations in Carlow College, to confer Degrees in Arts.

There is a special class under a competent master to prepare students for commercial life, and no exertion is spared to secure the progress of the pupils in the junior classes.

The College is healthfully situated in a park of six acres, which forms extensive recreation grounds for the students.

TERMS:

Pension, including all extras, 35 guineas per annum.

Pension, exclusive of extras, 30 guineas.

St. Mary's Preparatory School

In connection with Carlow Lay College, the Preparatory School of St. Mary's, for Children from eight to twelve years of age, has been re-opened.

Rector—Rev. William P Bourke.

Matron and Professor of French and Music—Miss Finneran.

English Master—Mr P Harnett.

The School is strictly and purposely limited to children of such age, in order that they may be totally separated from the grown boys, and may have all the advantages of minute attention which their tender years require.

The children at St. Mary's are under the special care of the matron, and the rector takes charge of their religious instruction.

TERMS:

Pension, including all extras, 35 guineas per annum.

Pension, exclusive of extras, £30.

AS SURE AS EGGS ARE EGGS.—An American Editor declares that 'out West' eggs are fetching two-pence each, and that the hens do not care about business even at this price. We fancy this must be very far 'West,' or surely our American cousins would ere this have resorted to the use of 'Borwick's Gold Medal Custard Powder,' which renders the housewife perfectly independent of the domestic fowl, since it produces the most delicious custards, blanc-manges, &c, at half the usual cost, and in much less time. The hens had better be 'cautious about 'striking,' or some enterprising storekeeper will introduce this household boon, and ruin their trade for ever. There is no special 'laying season' for 'Borwick's Custard Powder,'—one can keep it always on hand in the neat little packets and tins in which it is sold. Can be had of all Storekeepers in the Colonies.—*Civilian.*

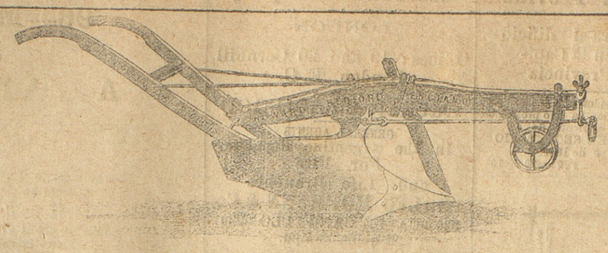
HOWARD'S CELEBRATED PLOUGHS



The above represents the well known 'Eagle 75' Plough which, and other sizes, are manufactured by J. & F. HOWARD in the highest style of workmanship, and tens of thousands are in use. Several manifest improvements have been introduced. As shown in the engraving, the body clips the beam, and the 'centre draught' is also taken from the strongest part of the iron body,—thus giving an additional security against the beam breaking at the bolt holes—a very common occurrence with American made Ploughs.
The beam is made of Oak, and can if required be fitted with a steel plate on each side.
The shares are hardened upon J. & F. HOWARD'S well known patented *water chill* process, which renders them not only tough and hard, but ensures their wearing better and longer than made when by any other process.
Prices of the various sizes, Nos. 19, 19½, 25, 26, 55, 75, &c., sent on application.

The above Machines kept in Stock by the Principal Hardware Merchants.

Dysentery, Cholera, Fever, Ague, Coughs, Colds, &c.
Dr. J. Collis Browne's Chlorodyne
(Ex Army Medical Staff)
IS THE ORIGINAL AND ONLY GENUINE.
CAUTION.—Vice-Chancellor Sir W. P. Wood stated that Dr. J Collis Browne was undoubtedly the inventor of Chlorodyne; that the story of the defendant, Freeman, being the inventor was deliberately untrue, which he regretted had been sworn to. Eminent hospital physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr. Browne's.—*See Times*, July 12th 1864.
The Public, therefore, are cautioned against using any other than
Dr. J. Collis Browne's Chlorodyne.
REMEDIAL USES AND ACTION.
This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions, and stimulates healthy action of the secretions of the body, without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvellous good effects and wonderful cures, while medical men extol its virtues most extensively.
CHLORODYNE is admitted by the profession to be the most wonderful and valuable remedy ever discovered.
CHLORODYNE is the best remedy known for coughs, consumption, bronchitis, asthma.
CHLORODYNE effectually checks and arrests those too often fatal diseases—Diphtheria, Fever, Croup, Ague.
CHLORODYNE acts like a charm in Diarrhœa, and is the only specific in Cholera and Dysentery.
CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation and Spasms.
CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Meningitis, &c.
From Symes & Co., Pharmaceutical Chemists, Medical Hall, Simla, Jan. 4th 1880. To J. T. Davenport, Esq., 33, Great Russell Street, Bloomsbury, London "Dear Sir, we embrace this opportunity of congratulating you upon the wide-spread reputation this justly-esteemed medicine, Dr. Collis Browne's Chlorodyne, has earned for itself, not only in Hindostan, but all over the East. As a remedy of general utility, we much question whether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are happy to say, are now relegated to the native bazaars, and, judging from their sale, we fancy their sojourn there will be but evanescent. We could multiply instances *ad infinitum* of the extraordinary efficacy of Dr. Collis Browne's Chlorodyne in Diarrhœa and Dysentery, Spasms, Cramps, Neuralgia, the Vomiting of Pregnancy, and as a general sedative, that have occurred under our personal observation during many years. In Choleraic Diarrhœa, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's, from a firm conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are of opinion that the substitution of any other than Collis Browne's is a "deliberate breach of faith on the part of the chemist to prescriber and patient alike." We are, sir, faithfully yours, Symes & Co., Members of the Pharm. Society of Great Britain, His Excellency the Viceroy's Chemists."
Extract from the General Board of Health, London, as to its efficacy in Cholera—"So strongly are we convinced of the immense value of this remedy that we cannot too forcibly urge the necessity of adopting it in all cases."
CAUTION—None genuine without the words 'Dr J Collis Browne' on the Government Stamp. Overwhelming medical testimony accompanies each bottle.

ESTABLISHED 1799.

ROUGHING IT IN THE COLONIES.—There can be no doubt that a man has to put up with many little inconveniences when he settles in a new country; some of them arising from 'the necessity of things,' whilst others are the result of his own want of knowledge or foresight. However, if he can secure pure water and good bread he will manage to get along tolerably well. Thanks to the advance of chemical science, this last desideratum is not so difficult to obtain as in times past, for with a good supply of BORWICK'S BAKING POWDER, even Robinson Crusoe himself might have produced the whitest and most palatable of bread, to say nothing of cakes and pastry *ad libitum*, and would doubtless have ended by opening a pastry-cook's shop upon his desert island. NOTA BENE.—Don't forget to ask your storekeeper to put up a good supply of this valuable article with your groceries. In packets, 1d, and 2d.; boxes, 6d. and 1s. each. (a)
